MAD 1700

MAD 4100

The exceptionally versatile **MAD** excels as a conventional general purpose cash register, as a stand alone Scanning System or as part of an entry level EPOS System.

Combining outstanding performance with simplicity of operation, the **MAD** can be upgraded at any time by the addition of a Scanner, Software or PC link to provide big system features at an attractively affordable price.

Its heavy-duty, alpha-numeric printer provides clear, fully descriptive receipts and management reports.
